### THINGS YOU CAN DO TO

MAKE THIS MORE COST EFFICIENT...

1. Remove all trash that can't be picked up by a vacuum, that means stuff like wire hangers, food containers, pizza boxes, beer bottles, etc.... if there is a few scattered items it'll be ok , but if it's not... you might want to rethink it.
2. If your oven is self-cleaning... then do that, at least 4 hours prior to the service, that way the oven can cool and we can finish it off.
3. Order some take out... and sit on the couch at your new place. We have you covered.
4. Get your deposit back, sell your house quicker, settle into your new place... we've got this!

### ADDITIONAL SERVICES

- **Carpet cleaning:** •
- **Carpet spotting:** •

Upholstery cleaning: Window washing:
